

SAINT LOUISE HOUSE

celebrating 25 years

Donor Impact Report

"Years ago, at St. Austin's, my family was invited to help Saint Louise House purchase permanent apartments for families—a move that shifted the organization from renting to owning. That invitation sparked a legacy of service in our home.

One moment that stays with me is when my daughter's Girl Scout troop learned SLH had to pay for apartment cleanings. They insisted on helping. Watching those girls and their moms scrub ovens and clean fridges showed me how service can shape a generation.

We've seen the long-term impact—like a former resident who grew up in foster care, earned her master's in social work, and went on to become a lawyer to help other families the way SLH helped hers.

Saint Louise House has changed the way my family gives, serves, and thinks about community. It reminds us that every mother deserves the chance to stay with her children and build a better future."

- Letty Landa, Supporter since the early days of Saint Louise House

Letter From Our Executive Director

Dear Friends of Saint Louise House,

As Saint Louise House celebrates 25 years of supporting families, I am struck by how much this community has made possible. What began with a handful of families in modest apartments has grown into a program that provides lasting stability, hope, and opportunity for mothers and children across Austin.

Family homelessness is rising, though it often goes unseen. Too many children and their mothers live in temporary or overcrowded housing, struggling to maintain safety and stability. Emergency shelters are stretched, and women face complex barriers that make lasting progress difficult.

Saint Louise House offers a unique, proven response: deeply affordable housing paired with individualized support for both mothers and children. Here, families regain stability, heal from trauma, pursue education and work opportunities, and build the routines children need to thrive.

This report shares highlights from the past year: stories of families gaining confidence, milestones reached, and the many ways our community has shown up to make stability possible. It also points to the work ahead, because we know the need continues to grow.

More than anything, this anniversary fills me with gratitude—for the women who lead with determination, the children who inspire us daily, as well as the staff, volunteers, and partners who walk alongside them, and especially for you, our supporters. Your belief in this mission ensures Saint Louise House remains a place of welcome, possibility, and lasting change.

Thank you for 25 years of making this work possible, and for standing with us as we continue to build a future where every mother and child can thrive.

SAINT LOUISE HOUSE

celebrating 25 years

Our Mission

Saint Louise House is a nonprofit organization dedicated to the success of women and their children moving from homelessness to healthy independent lives. We strive to empower women and their children to overcome homelessness for generations to come. Our proven program provides stable housing and wraparound services with highly-individualized support that fosters education, financial literacy, strong family relationships and healthy living, leading to a lifetime of self-sufficiency.

Our Approach

Housing

Saint Louise House provides safe, stable housing in South Austin. Rents are subsidized so that families start out paying only \$50 a month for the first year. With this stable housing, families can confidently take steps toward their goals.

Partnership

Every mother finds a partner on her journey toward stability through weekly meetings with a staff case manager who supports her in identifying her own strengths and learning to leverage her strengths to achieve her goals. Empowerment Partners connect families to resources for education and employment and building skills such as parenting, financial literacy, and more.

Wraparound Services

Saint Louise House provides mothers and children highly individualized support for meeting basic needs, accessing community resources, and achieving their goals. Services include life skills workshops, children's activities supporting social and emotional development, and direct support such as a food pantry, bus passes and flexible funds.

Invisible No More

The Hidden Crisis of Family Homelessness

In Austin, more families are experiencing homelessness than ever before. Most are never seen.

Family homelessness doesn't always look like we expect. It lives in cars, hotel rooms, and borrowed spaces. It shows up in missed school days, skipped meals, and exhausted mothers trying to hold everything together.

For women-led families, the path to stability is often filled with barriers. Traditional shelters may not accept children. Family shelter beds are limited. Reaching out for help can feel risky when child welfare involvement is a fear. Too many families remain hidden, facing their challenges without the support they need.

But invisibility doesn't mean the problem is small. The consequences are real.

Children lose consistency, safety, and their place in school.

Mothers face trauma, isolation, and few options for recovery.

The cycle of poverty deepens with every passing day.

Family homelessness is preventable. But without intentional investment in deep affordability and long-term support, children are left behind at the most critical moments of their lives.

When kids grow up in a secure home, they're more likely to graduate, pursue their goals, and grow into adults who never face homelessness.

Welcome Home

Where Stability Begins: a Key, a Meal and a Moment to Breathe

Every move-in at Saint Louise House is a moment of care, dignity, and transformation.

When a family walks through the door of their new apartment, everything is ready. There's a stocked pantry, a warm meal, a fridge full of groceries, and a bedroom made up with care, complete with sheets in their child's favorite color and books that reflect their interests.

This isn't just a place to stay. It's a place to belong.

Each Welcome Home setup is planned in advance, based on the family's needs and preferences. Volunteers furnish and decorate the space thoughtfully, choosing items that bring comfort and joy. Every dish, every bed, every item is a gift, and families have the option to take these with them when they move forward.

Investing in Futures

When we give a family safe housing, we give them more than shelter.

We give a child the chance to stay in school, to build confidence, and to grow up surrounded by stability and support.

We give a mother time to heal, pursue her goals, and care for her children without the pressure of constant crisis.

This is our two-generation model: a long-term investment in community health, equity, and opportunity.

But it's not just about what's there, it's about what it means.

This first night matters. It's often the first time in a long while a family feels safe enough to rest. For a child, it may be the first time they've had a bed that's just for them.

It's the beginning of something new. It's where healing starts.

Each apartment is fully furnished by volunteers and personalized for the family moving in—and everything is theirs to take with them upon graduating the Saint Louise Program.

Celebrating 25 Years of Impact

How Saint Louise House Evolved to Meet the Changing Needs of Women-Led Families

Twenty-five years ago, Saint Louise House began as a small response to a growing crisis. What started with a few families in modest apartments has grown into a long-term, deeply supportive housing program serving more than 264 families and 565 children.

Founded in 2000, Saint Louise House was created to meet the needs of women-led families experiencing homelessness. Over the years, we've moved from transitional housing to a comprehensive four-year model that reflects what families actually need: time, trust, and tailored support.

Today, 46 families live across two community campuses, receiving deeply affordable housing and wraparound services. Our approach is built on relationships and designed for lasting impact. Mothers work with staff to set and pursue their goals. Children receive educational and emotional support. Families grow, together.

Our **two-generation** model is a trusted pathway to long-term stability, supporting the families we serve and strengthening the future of our community.

Our Impact to Date:

264

Families Served

565

Children Served

Over

76,500

Case Management Meetings

738,617

Bed-Nights Not Homeless

From Grassroots to Growth

Saint Louise House was founded with a goal to provide transitional housing for women-led families with children.

2000

New properties allow Saint Louise House to triple its capacity.

2008-2010

Saint Louise House can serve up to 46 families at a time. Over 264 families' and 565 children's lives transformed.

TODAY

1997

VinCare Services of Austin roots are planted with the Outreach to Street Youth program which served weekly meals to youth living on the streets near the University of Texas campus.

2001

First five families begin receiving support in rented apartments; later in the year, the purchase of an apartment-style property increases capacity to 11 families.

2016

150th family welcomed to Saint Louise House.

What Hasn't Changed

While our model has grown, our mission remains the same:

to offer a safe home, personalized support, and a community that believes in every mother's ability to lead her family forward.

Why 25 Years Matters

More than a milestone. A story of what's possible. Saint Louise House began with a simple, powerful question: How can we show up for women and children experiencing homelessness?

Twenty-five years later, that question still guides our work. From the first five families to hundreds more served, from one rented apartment to a model of long-term, two-generation support, the heart of our mission has remained the same.

This anniversary isn't just about how long we've lasted. It's about what has changed because we're still here.

The journey hasn't always been easy. But it has always been worth it. That's what 25 years of commitment can do.

Because of this community, mothers have found safety and space to breathe.

Because of this model, children have experienced the joy of stability and the chance to dream bigger.

Because of this mission, families who were once overlooked are now equipped to thrive.

Where Families Came From in 2024:

\$20,385

Average annual income of families on entry

59%

Experienced domestic violence

36%

Experienced homelessness multiple times before coming to Saint Louise House

Success in 2024:

100%

of children passed to the next grade level in school

100%

of families maintained stable housing

90%

of families increased self-sufficiency

"We've supported Saint Louise House since around 2004 and have watched it grow with heart and humility. Early on, I remember leaving the property at dusk—lights glowing, children's voices echoing, the smell of laundry in the air. It felt like a place where families were finding their footing.

Over the years, our friends, faith communities, and colleagues have come together to furnish apartments, raise funds, and support the mission. What began as a small nonprofit has become a leader in supporting women-led families out of homelessness.

Worthy. Modest. Stalwart. Saint Louise House is a safe and soft place, and we're proud to be part of its journey."

- Katy Bohuslav, Longtime Supporter and Volunteer

For decades, volunteers have rolled up their sleeves to help Saint Louise House build and grow. These moments show the heart of our community in action.

Investing in Futures

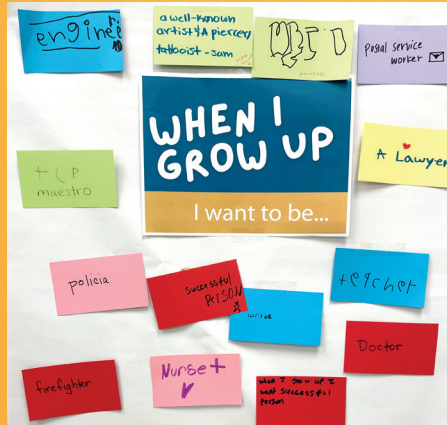

Children Deserve More Than Shelter

Investing in joy, healing, and opportunity for every child.

At Saint Louise House, we believe that stability for a family starts with a safe place to live—but true healing and growth go far beyond housing. That's why our two-generation program is designed to support mothers and children simultaneously, helping families break the cycle of poverty and homelessness together.

Thanks to generous support from the **Charlene Thompson Children's Resiliency Fund**, **Austin Public Health**, and a new grant from **Impact Austin's Girls Giving Grants**, we're expanding our child-focused programming to ensure every child has the chance to grow, connect, and thrive.

Through our **Academic Success Initiative**, supported by the **Powell Foundation** and in partnership with **AISD**, we're also identifying students who need additional support in school. By working closely with children, their mothers, and their schools, we help make sure each student has the tools and encouragement they need to succeed—in the classroom and in life.

New and growing supports include:

- Child-centered case management, giving mothers the time and space to focus on their children's strengths, needs, and goals, with an emphasis on childcare, education and health.
- Social and emotional learning activities that meet children where they are and support healing at every age.
- Flexible funds that assist families with healthcare related expenses and help children participate in confidence-building extracurriculars like sports, arts and clubs.

Children are not just part of the journey—they are program clients. By keeping families together, we prevent children from entering the child welfare system, sparing them further trauma and reducing taxpayer burden while delivering safer, more stable outcomes.

A Community Built This

When Saint Louise House first opened its doors 25 years ago, it was volunteers who made that first apartment feel like home. They brought furniture, groceries, bedding, and a warm meal for the family's first night. That spirit of community care still defines our work today.

Every week, every milestone, every moment of celebration is shaped by the hands and hearts of our community.

Because of our volunteers and partners:

- Every child and mother steps into a fully furnished home and every family receives a new laptop computer.
- Every child starts the school year with a new backpack and supplies.
- Every mom receives a birthday meal and a cake made just for her.
- Every child receives a birthday cake and a birthday gift.
- Every student shops for new jeans and clothes before school starts.
- Every child and mom receives a warm coat before winter weather arrives.
- We celebrate milestones and seasons with families all year long, from our Spring Fling and Mother's Day celebration to the Gratitude Event in November, a holiday gathering, and the Back-to-School Bash.
- Every Thursday, our community gathers around the table for dinner and connection at Community Night.
- Children are empowered to select gifts for their moms on special occasions, experiencing both the joy of giving and the pride of choosing something meaningful.

These small acts add up. They do more than meet a need. They create dignity. They remind moms and children that they matter, that they are seen and celebrated.

What makes this model work—what has always made it work—is the belief that families deserve more than survival. They deserve dignity, community, and opportunity. These volunteer-driven traditions support healing and growth for both generations.

For 25 years, this has been more than a program. It's been a promise: that no family walks this path alone.

PARTNER SPOTLIGHT

For over 25 years, the Austin community has supported the mission of Saint Louise House, fostering stability and opportunity for women and their children.

Recently, this legacy of support expanded through investments from the Hispanic Impact Fund, Women's Fund, and Forever Austin Fund at Austin Community Foundation. These philanthropic partnerships strengthen Saint Louise House's holistic model by increasing access to stable housing, affordable child care, and comprehensive health and wellness services. They also support pathways to education, workforce development, and leadership—empowering women-led families to build lasting foundations for success across generations.

2024 Volunteer Impact

15,840 

Pounds of healthy food distributed to families

14 

Welcome Home apartment setups providing fully furnished homes for families entering the program

6,463

97 

Birthday cakes provided

102 

Emergency Meals provided to families during times of crisis—like illness, recovery from surgery, or other urgent needs—offering immediate support when moms need a helping hand the most

1,120 

Hours invested in building community through Community Night Dinners

Corporate Partnerships

Fueling Stability and Growth

At Saint Louise House, corporate partners like H-E-B and Amplify Credit Union are cornerstones of our sustainability. Their consistent investment year after year ensures we can keep our doors open to mothers and children in crisis while building the capacity to serve more families in the future. By funding essential housing and wraparound services, these partnerships provide stability today and help us grow to meet tomorrow's needs.

Amplify Credit Union: Strengthening Financial Futures

Amplify Credit Union has stood alongside Saint Louise House for many years, blending generous financial support with hands-on involvement. Their partnership helps sustain housing and wraparound services, including financial literacy workshops that give mothers the skills and confidence to take control of their futures.

As one mom shared, "Saint Louise House is a supportive housing program, but more than anything, it is a program that helps support your dreams—like going to school, finding ways to make more money, and utilizing your resources." With Amplify's support, those dreams become achievable goals, creating lasting change for families well beyond their time with us.

Amplify Credit Union's generosity extends beyond their sustained giving, with creative initiatives like member-driven campaigns that raise additional funds for Saint Louise House. This is just one of the many ways Amplify has gone above and beyond to support our mission.

H-E-B partners and volunteers have prepared many Welcome Home apartments over the years, each one thoughtfully arranged so a mother and her children can begin their first day at Saint Louise House surrounded by comfort and hope.

H-E-B: Providing Dignity and a Fresh Start

H-E-B's long-standing "Helping Here" spirit extends far beyond their grocery aisles. For years, they have supported Saint Louise House through fundraising events, meal donations, program partnerships, Welcome Home apartment setups, and even emergency relief supplies when unexpected crises arise. Each furnished and stocked home they help prepare means a mother and her children can begin a new chapter with dignity, stability, and hope.

As one mom reflected on her first day at SLH in 2014, "Coming to our furnished apartment gave me hope and faith for a new beginning with my children. When we arrived, there was a warm dinner on the table; that was a big thing, and it brought tears to my eyes. You get a nice bed, food to eat, even flowers to smell and enjoy on your table. I felt it was too good to be true. I could not believe that there were people who would put a home together for families who lost everything."

By meeting families' basic needs from day one and showing up in times of urgent need, H-E-B helps ensure they can focus on building their future while strengthening SLH's ability to sustain our mission for the long term.

Donor Impact & Financial Strength

Looking Ahead: 25 Years of Growth and Goals for the Future

At Saint Louise House, identifying strengths and setting goals is how transformation begins.

When a family joins our program, mothers work with Empowerment Partners to reflect on their strengths and set both immediate and long-term goals. These might include finding childcare, repairing credit, completing a degree, or securing permanent housing. These goals become stepping stones toward a future built with purpose, one step at a time.

As we mark 25 years of serving mothers and children in Austin, we've been doing some goal-setting of our own.

We're proud of what we've built: two campuses filled with care, connection, and the laughter of children. But we know the need is growing, and so must we.

Our Strengths and Our Goals:

- 🔧 **Strength:** With City of Austin support, we own two properties
- 🕒 **Goal:** Invest in them to ensure they remain safe, welcoming, and family-centered
- 🔧 **Strength:** We have a 25-year track record that demonstrates our model works.
- 🕒 **Goal:** Serve more families and work to eliminate our waiting list
- 🔧 **Strength:** We understand what families need to thrive
- 🕒 **Goal:** Build new housing designed specifically for mothers and children
- 🔧 **Strength:** Our two-generation approach changes lives
- 🕒 **Goal:** Expand wraparound supports, including childcare access and emotional wellness resources
- 🔧 **Strength:** We've built a generous and committed community
- 🕒 **Goal:** Grow this network of donors and partners to deepen our collective impact

We are not just reflecting on the past. We are building toward a future where every family has the chance to grow, belong, and thrive. Thank you for helping make that future possible.

Investing in Stability. Building for the Future.

Letter from Our Vice President of Philanthropy

As we look ahead to the next 25 years, I am filled with gratitude for what has brought us this far: a deeply committed community that believes in the power of long-term, relationship-based support.

Your generosity has done more than provide shelter. It has helped create stability, confidence, and possibility for families who deserve the time and space to heal. Mothers have pursued education and financial goals. Children have stayed connected to school and community. These outcomes are only possible because of sustained, thoughtful giving.

This work takes time. And to meet the growing need, we must build on a strong, stable foundation.

That is why I want to extend a heartfelt thank you to our Legacy Circle. This group of donors have individually given more than \$25,000 or supported Saint Louise House for ten years or longer. Their enduring generosity has shaped who we are and continues to guide where we are going. These gifts are not only generous, they are visionary.

To invite others into this legacy of impact, we've also launched our Giving Circles. These multi-year commitments help ensure our doors stay open and our support remains consistent for every family we serve.

Safe Keeper Circle (Gifts of \$1,000 to \$4,999 each year for three years): Safe Keepers help provide essential services and deeply affordable housing. Together, these gifts make stability possible.

Hope Builder Circle (Gifts of \$5,000 to \$14,999 each year for three years): Hope Builders support families as they pursue their goals and begin to imagine what comes next.

Change Maker Circle (Gifts of \$15,000 or more each year for three years): Change Makers make our most comprehensive support possible. These gifts allow us to serve more families, strengthen our staff, and grow with intention.

Whether you are a longtime champion or just beginning your journey with us, thank you for believing in this mission. Your support is building a future where every woman and child has a place to call home, and the support to thrive.

With heartfelt thanks,

Berenice Craig
Vice President of Philanthropy

Special Thanks to Our Legacy Circle

Build. Believe. Become.

These generous supporters have helped sustain Saint Louise House over time through consistent giving and extraordinary generosity. Their commitment continues to create lasting change for families today—and for generations to come.

McCarthy Circle of Hope

Since the beginning, a devoted circle of supporters has shaped Saint Louise House, and we are honored to celebrate them. Previously known as the 15th Anniversary Legacy Circle, the McCarthy Circle of Hope is named in tribute to Bishop John E. McCarthy, an early champion whose belief in our mission helped make our work possible. We extend heartfelt thanks to these founding individuals, whose enduring support has been the bedrock of Saint Louise House, providing hope and opportunity for numerous families.

In Memory of Our Cherished Donors:

We honor the memory of those whose generous contributions have touched the lives of mothers and children. Their compassion and commitment to our mission continue to inspire us every day. We celebrate their legacy and the lasting impact they have made in our community.

- Bishop John E. McCarthy
- Allan Shivers
- Raymond Loehr
- Catherine Flahive
- Nick Ferrara

“I vividly recall the twinkle in his eye when my friend, Bishop John McCarthy, told me about the vision for Saint Louise House. He talked about the mothers and children who would find help, hope and a fresh start there.

Bishop McCarthy’s love and faith called him to serve the most vulnerable among us. Knowing this mission he held so dear continues to thrive after 25 years, and has helped hundreds of families, truly warms my heart.”

PARTNER SPOTLIGHT

Helping Families Access Lasting Support

Saint David's Foundation plays a key role in helping Saint Louise House provide families with steady, personalized care.

Their continued investment supports core programming that includes case management, emotional wellness resources, and deeply affordable housing. With this support, families have the stability they need to focus on their goals and care for their children.

We are grateful for this partnership and for the lasting impact it brings to the families we serve.

SAINT LOUISE HOUSE

celebrating 25 years

Our Mission

Saint Louise House is a nonprofit organization dedicated to the success of women and their children moving from homelessness to healthy independent lives. We strive to empower women and their children to overcome homelessness for generations to come. Our proven program provides stable housing and wraparound services with highly-individualized support that fosters education, financial literacy, strong family relationships and healthy living, leading to a lifetime of self-sufficiency.
